

# Dynapro HP

**Jointless cap ply**

Jointless cap ply around the circumference of the tire over the steel belts assures enhanced belt endurance plus improved uniformity for comfort and high-speed stability.

**Wide, high-tensile steel belts**

Enhance tread strength for steering response and wear life.

## Dynapro HP

High-performance tire for luxury & power SUVs

Hankook Tire & Technology

## High-performance tire for luxury & power SUVs

HANKOOK TIRE High performance technology applied to SUV tires.

Kontrol Technology is Hankook Tire's technology philosophy which reflects how the tire should perfectly control the interaction between the driver, the car and the road while in motion. It is implemented to ensure Hankook Tire provides the greatest benefits and driving experiences to customers in terms of safety, driving comfort, handling, performance and environmental friendliness. Dynapro HP is an example of a tire embodies Kontrol Technology.

Aggressive tread design for good traction.  
For luxury & power SUV drivers.  
All road condition, low noise and high durability.

### Wet performance

#### Straight 4 channel grooves

Resists Hydroplaning & Aquaplaning Performance Up.

#### 2 step graduated groove

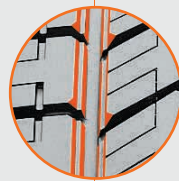

Discharge the water rapidly from the tread surface to prevent hydroplaning.

Competitor

Dynapro HP

### Handling performance

#### Center rib

Resists Hydroplaning & Aquaplaning Performance Up.

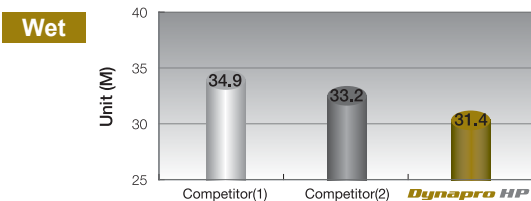

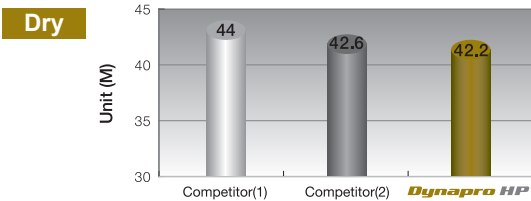

#### Noise reduced kerf

Prevents harmonic tread pattern sound.

Dynapro HP dry & wet stopping test data show better results than reference products.

\*Shorter is better
